## FITTINGS

- **CPVC & PVDF MOLDED**  
Straight & elbow adapters  
Pipe plugs
- **CHEMICAL RESISTANT**
- **HIGH TEMPERATURE**  
To 250°F (121°C)

Leakage and weeping are no longer problems with molded fittings that are designed with groove and back-up flange for use with "O" ring.

Fittings are molded in CPVC (chlorinated polyvinyl chloride) or PVDF (Polyvinylidene fluoride) to provide excellent chemical resistance over a wide range of acid and alkaline solutions, even at high temperatures.
