* If otherwise not designated by column 1 or column 4 under remarks, it can be assumed that the cartridge is of standard construction; ie, with perforated steel core, tin steel covers, fiber end seals, PVC bonding and plated (PL) paper media (available in 5, 10, 20, 30 micron rating, or as specifically stated). Although not mentioned in above specifications, all cartridges with PVC ends are also without bodies.

NOTE: Part number is in four sections:
 1. Media 2. Nominal size
 3. Micron rating
 4. Special characteristics and designation.
